In sum, teachers can use discourse analysis not only as a research method for investigating their own teaching practices but also as a tool for studying interactions among language learners. Learners can benefit from using discourse analysis to explore what language is and how it is used to achieve communicative goals in different contexts.

Discourse Analysis for Language Teachers. ERIC Digest.

Grammarians appear at with grammar as the component of analysis. Discourse analysis is concerned with the relationship between language and the contexts it is used in. It is not a methodology of teaching and knowledge of discourse is not always useful to the language teacher. Though, an awareness of how language is used in relation to context, roles and relationship of speakers, can sometimes be used and be useful
