the prima faciepresumption against killing animals. i will begin by discussing the cur-. rent practice of European zoos, consider possible grounds for the prima facieduty not. to kill, and then examine and ultimately dismiss arguments that the duty is overridden. in the case of “surplus” zoo animals.

the Ethics of Killing “surplus” zoo Animals

Regarding ethics, hunting proponents argue that killing a deer for food cannot be worse than killing a cow or a chicken. Furthermore, unlike the cow or the chicken, the deer lived a free and wild life before being killed and had a chance to escape. Hunters also argue that killing a number of deer benefits the ecosystem as a whole.

The Main Arguments for and Against Hunting

Killing animals for food is something we have practiced for many of years to survive. Many people like this is a part of our survival, just as animals do. There are several areas where there has been a lack of natural predators, to control the animal population, causing safety concerns by hunting.

Essay about The Ethics of Killing Animals for Food - 874 Words

Ethics of Eating Animals. In any discussion concerning the ethics of eating animals, it’s important to begin by considering a frequently overlooked distinction: that harming and killing animals from necessity is not morally equivalent to harming and killing animals for pleasure. Just as shooting someone in self-defense is not commensurate with shooting someone to satisfy a sadistic urge— killing animals for food when we have no other choice for survival is not morally equivalent to ...

Ethics of Eating Animals - Woodstock Sanctuary

So, why then is it unethical to kill animals for sport? Well, it is an immoral act because animals such as deer, squirrels, birds, and the like all have complex nervous systems which allow them to experience pain.
