The Immortal Game A History

The original game was called "chaturanga." The game spread to Persia where it evolved into "shatranj." Because of trade, the game spread all across Europe. Eventually the modern rules were standardized and became known in English as "chess." The game was played by nobility, but its popularity was spread across the masses.

The Immortal Game: A History of Chess: Shenk, David ...

The Immortal Game was a chess game played by Adolf Anderssen and Lionel Kieseritzky on 21 June 1851 in London, during a break of the first international tournament.The bold sacrifices Anderssen made have made it one of the most famous chess games of all time. Anderssen gave up both rooks and a bishop, then his queen, checkmating his opponent with his three remaining minor pieces.

Immortal Game - Wikipedia

One story portrays two successive Indian kings, Hashran and Balhait. The first asked his sage to invent a game symbolizing man's dependence on destiny and fate; he invented nard, the dice-based predecessor to backgammon. The subsequent monarch needed a game which would embrace his belief in free will and intelligence.

The Immortal Game: A History of Chess or How 32 Carved ...

Shenk (The Forgetting) succinctly surveys the game's history from its origins in fifth- or sixth-century Persia up to the present, touching along the way on such subjects as his own amateurish pursuit of the game, erratic geniuses like Paul Morphy and Bobby Fischer, chess in schools today, computer chess and his great-great-grandfather Samuel Rosenthal, who was an eminent player in late 19th-century Europe. To heighten the drama, Shenk intersperses the text with the moves of the so-called ...
